

## **Broadcom's Global Real Estate (GRE) Group; IRVINE**

For its team building event, Broadcom's GRE (Global Real Estate Group) decided to help those less fortunate and give back to their community. They picked the Orange County Food Bank, an organization that provides much-needed food to the local community.

Broadcom's GRE team supports the company's mission in real estate growth and facilities needs. They packaged a variety of food into boxes that will be delivered to over 40 distribution sites throughout Orange County including senior centers, churches and those unable to fend for themselves. These packaged boxes can supply one senior citizen food from one week up to one month, depending on their eating habits.

Broadcom was able to exceed the number of boxes packaged.

**Hear their  
feedback below:**

"The Food Bank challenged us to pack 1,000 boxes in 2 ½ hours. I chuckled thinking *"clearly they do not know Broadcom"*. We proceeded to pack 1,680 boxes at a ferocious pace, stopping only for lack of supplies. I'm

so proud of this team and the amazing work they do," Bryce Mason.

"It was a great experience knowing that we, as the Broadcom Team, made such a direct positive influence on the wellbeing of over 1600 people in need," Jeremy Fenton.

"It was really fun getting to work more closely with those on my team and seeing what they could do outside of their normal work day, busy helping others and achieving a goal that was serving their fellow man," Jaima Stephenson

## Broadcom Employee Global Community Involvement

"I was so excited that we were able to box 1680 individual boxes and that it was *well above* the average number for a group of volunteers. We Rock!" Misty Cushman.
